

# DO YOU HAVE LOWER BACK PAIN?

**Virginia iSpine Physicians** is part of a research study to evaluate the effectiveness of the Coolief\* SInergy Cooled Radiofrequency device (*Avanos Medical; Alpharetta GA*) to see if it will relieve pain associated with the sacroiliac joint in the lower back.

***Potential patients include those with **chronic Sacroiliac Joint pain** for longer than 3 months.***

## **TO BE ELIGIBLE, YOU:**

- Should be 21 years or older
- Have chronic low back pain in spite of medications
- Have received only temporary benefit from Sacroiliac Joint injections or other interventions

## **QUALIFIED PARTICIPANTS WILL RECEIVE:**

- Study treatment and study related medical evaluations at no cost
- Reimbursement for time and travel

*Routine clinic visits and medically necessary tests may be needed prior to enrollment.  
Participation in the study may include 6 to 9 visits to your study doctor for 12 to 18 months.*

## **TO FIND OUT MORE, PLEASE ASK YOUR DOCTOR OR CONTACT:**
